

Sounds different! / Psychedelic Blues

To summarize who **Sven Humm** is gets harder day by day. He surely is a **musical microcosm** to unto himself, expanding consecutively, making it harder to define - as a **passionate songwriter**, a **soulful guitarist** and as a **remarkably honest and intense singer**.

With his **debut album "Run The Risk Of Winning"**, the German-based artist Sven Humm has just left the studio, ready to perform live and to please the audience with his unique ways on the stage.

Playing for years live and on well-known venues, he finally fulfilled his dream of spreading his legacy out to the ones **he simply adores most: His audience**. But all of these performances and his presence just scratches the surface.

His **album** is a **device** that wraps you in a blanket in front of your stove.

While **evoking honest emotions**, he **leaves the listener both touched and smiling**.

Simply because you experienced his stories before.

With true lyrics out of the heart of life contrary to the nowadays pop-music, he **takes you to a journey** that starts at **Alternative to Blues** and ends at the **Psychedelic music** of the 1970s.

Songs such as **"Melanie"**, **"Things One Shouldn't Know"**, **"Stay With Me"** and **eight other breathtaking titles** illustrate his never ending **desire for his electric guitar** and his **versatility in genres** while always being **authentic/ true** to himself.

It's a lot he has been through, but besides that it's all his musical ambition and hunger to continue to grow that made him carry on.

Just like the title of his album says, he risked a lot - all in to win if you will -

ready now to tell you his stories with **all-new songs** he's previewed this summer to **delighted audiences**, portraying **him exploring even deeper combinations of sounds and styles**, all with his fingerprint.

As a person of few words, he's grateful that his music now can make its way to so many people all around the world.

After completing the album and closing the chapter of the long endeavor with his lifetime friends,

he is now more than ready to **hit the floor** and to **touch your soul**.
